

City Clean Up Week

May 14th-18th

- **The City will pick up any items that are set out during this week excluding tires, chemicals and batteries. White goods (refrigerators, AC units) need a permit which is available at the City Office, FREE of charge.**
- **If you have larger items please call us or sign up at the City Office.**
- **Please keep yard waste and limbs in separate piles from household items and trash. This makes pick up easier and faster!**
- **Trash and recycling pick up will remain as normal throughout the week.**
- **The City of Marion would like to thank everyone for their effort and pride in keeping their property cleaned up!**
